Good Evening Aaron,

Thank you for your inquiry.

Passengers requesting an exemption must adhere to the following process:

**Mask Exemption Procedure:**

Passengers with a disability who cannot wear a mask, or cannot safely wear a mask, because of that disability as defined by the Americans with Disabilities Act (42 U.S.C. 12101 et seq.) can apply for a face mask exemption to the CDC order. This is a **narrow exemption** and is not meant to cover persons for whom mask-wearing may only be difficult. Passengers requesting an exemption must adhere to the following process:

**At least 5 days prior to departure**

- Submit the completed Mask Exemption Form from a licensed medical provider to [accessibility@suncountry.com](mailto:accessibility@suncountry.com)
- Sun Country will contact your licensed medical provider to validate the document
- Any passenger who presents falsified medical documentation will be subject to suspension of their privileges for future travel on Sun Country

**At the airport on each day of travel**

- Passengers must check-in at the Sun Country ticket counter a minimum of two (2) hours prior to departure
- Passenger must provide proof of a negative COVID-19 test taken within 3 days of the flight or documentation of having recovered from COVID-19 within 90 days of the flight
  - Acceptable viral test types include antigen tests or a nucleic acid amplification test (NAAT), such as reverse transcription polymerase chain reaction (RT-PCR).
  - Proof of having recovered from COVID-19 includes documentation of your positive viral test results within the past 90 days **and** a letter from your healthcare provider or a public health official that states you have been cleared for travel.
- These testing requirements apply to all flight segments and may require a negative COVID-19 test for both your outbound and return flight. The negative test must be taken within 3 days of departure.

**Subject:** RE: [EXTERNAL] FW: Disability Assistance

I did not book yet. Why would I book if I still don't know if you will allow me to board.  
Please respond to my question.

Thank you,

Aaron Abadi

**Subject:** Disability Assistance

I have a sensory integration disorder, which is a medical disability that causes me not to be able to wear a mask or a face shield. I carry around a doctor's letter (attached) to that effect, that also states that I already had Covid, which would indicate that there is no significant health risk, as the CDC clearly states that covid reinfection is rare. I have already flown several times without a mask on airlines that agreed to accommodate me.

CDC Guidelines and federal laws exempt someone like me from wearing a mask. Additionally, DOT instructed the airlines to allow people like me to fly without a mask.

Federal ADA laws require that you provide an accommodation for disabilities.

I would like to travel on your airline.

Can I travel on your airline without a mask?

Or can you provide an accommodation that will allow me to use your airline?

I did see on your website a special form to fill out with rules.

Is that really necessary?!

Please look at the attached letter, and that should be sufficient.

I travel at least on 40 flights per year.

If I had to get a special Doctor's form filled out each time, I would need to hire a personal physician,

And all they're doing is confirming what I attached to this email.

Please let me know ASAP.

Thank you in advance.
